

Koepel Kas

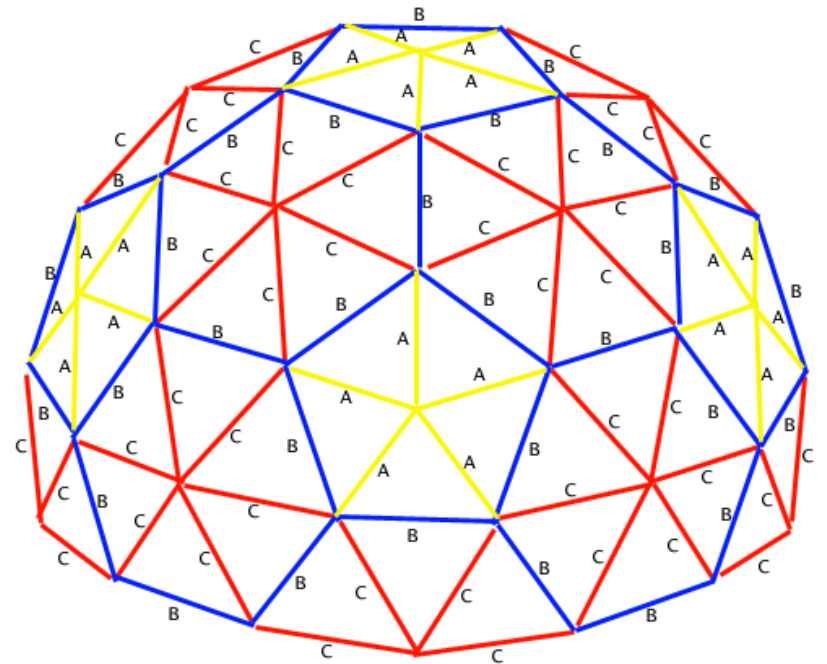

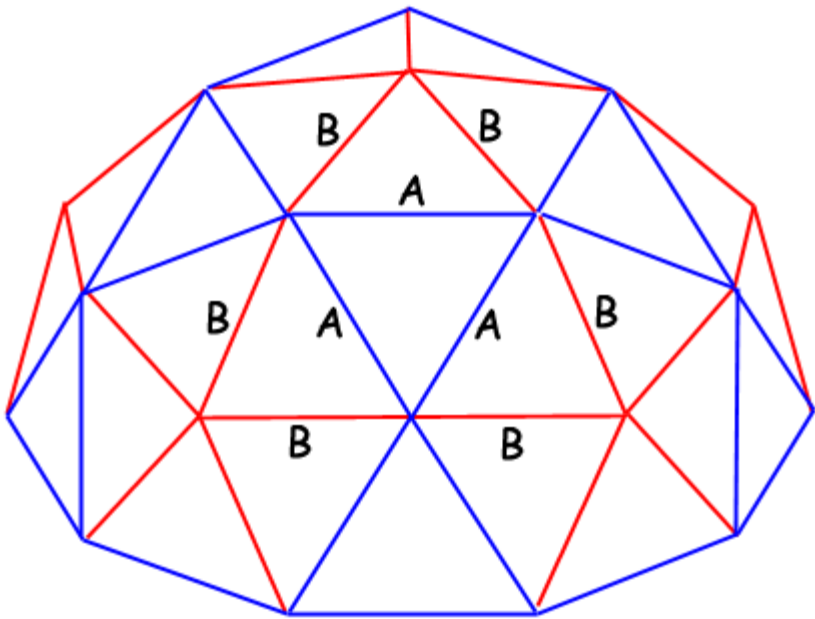

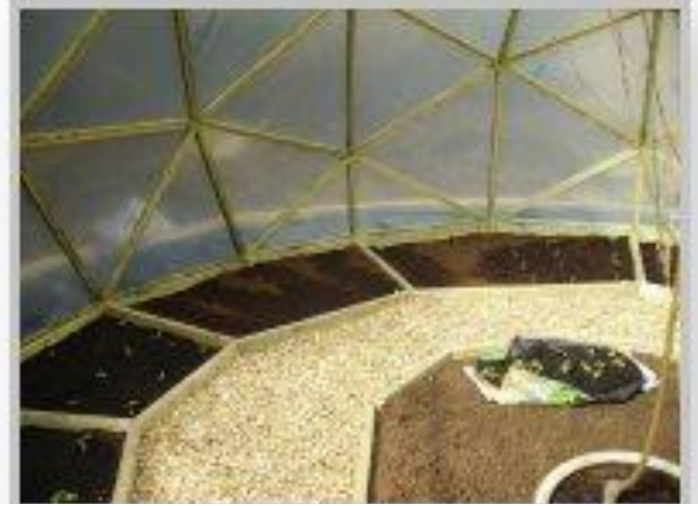

Om het hele jaar met groen te werken

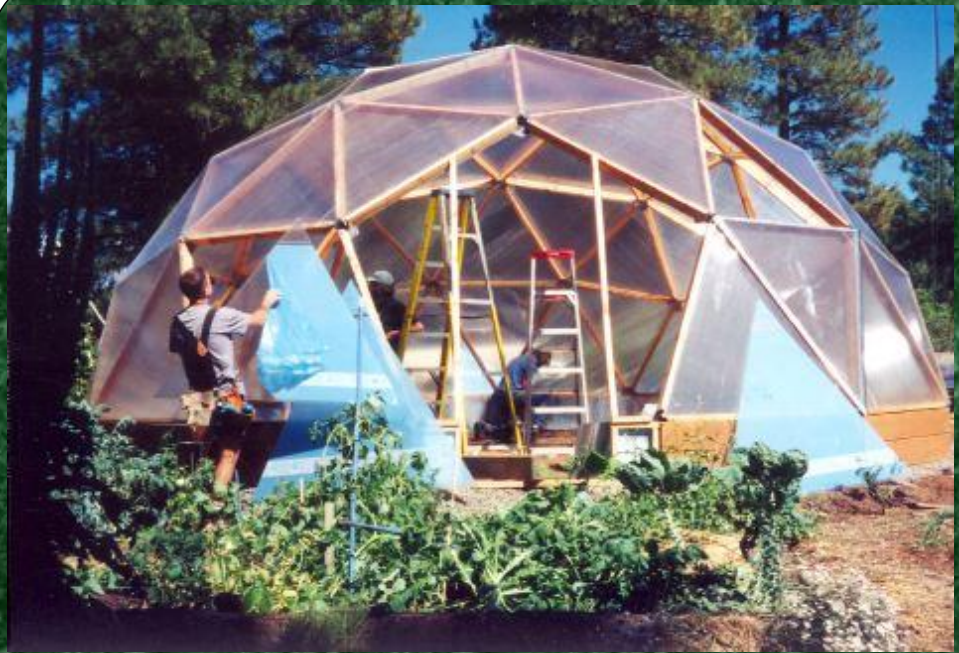

Geo-Dome

Featured on **BBC2**

It's not easy being Green

A unique combination of seven features make the Growing Dome™ the most energy-efficient greenhouse on the market today!

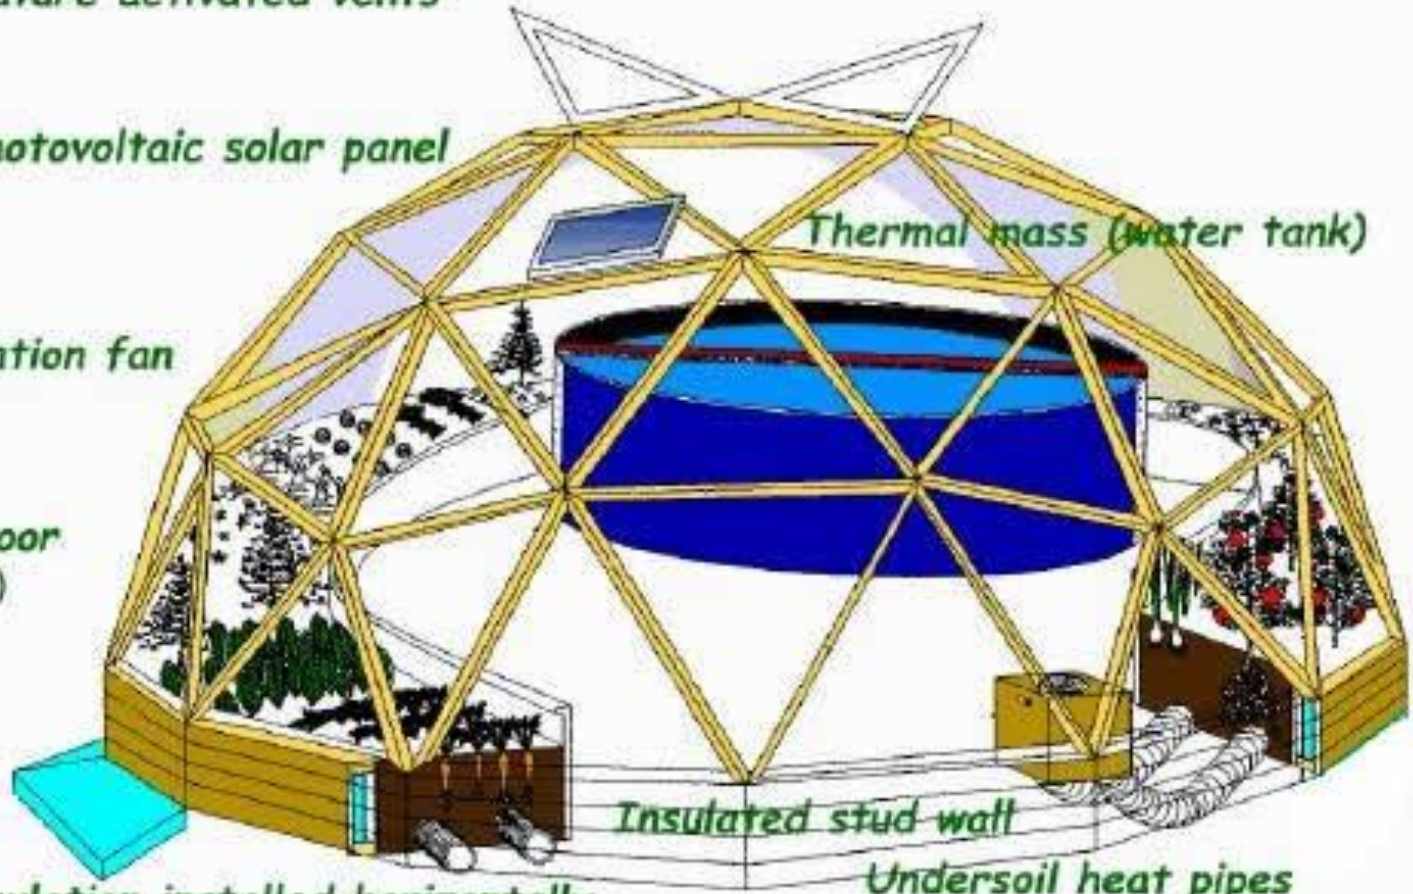

Temperature activated vents

Photovoltaic solar panel

Thermal mass (water tank)

Solar ventilation fan

Insulated Door
(not shown)

Undersoil insulation installed horizontally

Undersoil heat pipes

De vijver wordt gevuld en voorzien van waterplantjes en worden twee goudvissen in uitgezet.

De eerste planten gaan in de kas!

En één van die goudvissen werd vernoemd naar Kees
....en dat ben ik:

Kees Schilder, directeur van het
Clusius College Purmerend.
